

Your Preschool will

**POP**

with the

Burke County Public Library

**Preschool Outreach**

**Program**

The Burke County Public Library offers outreach services to all childcare centers, preschools, and home daycares located in Burke County. We can bring the library to you through bag books, storytimes, and other customized programs. In addition to outreach services, we also provide onsite tours and storytimes for individual classrooms or groups. We look forward to partnering with you to provide early literacy opportunities for the children of Burke County!
