

# Action Animals, USA

presents

## “Animal Safari”

**C.B. Hildebrand Public Library: 10am**

**Valdese Public Library: 2pm**

**Morganton Public Library: 6:00pm**

A very humorous and bit confused, **Professor Bumblemor** will present unique and diverse animals from around the world! We will have a cockatoo, macaw, ferrets, Serval cat, Siberian Lynx, Patagonian cavy, Burmese Python and a chicken for hypnotizing!

All animals are presented with the intent to educate and inspire people about our shrinking animal kingdom. The focus is learning while having fun with audience participation and natural animal behaviors. Action Animals, USA hopes people will leave the show, with renewed responsibility in pet ownership and world stewardship.
